SOME IMPORTANT PIECES OF INFORMATION

Dear Parent,

Happy Diwali to you and all the members of your family!

1. **First Summative exam is round the corner for the students of classes 3 to 12.** Date sheet of First Summative has already been posted to you. **Please wish your ward best of luck** for this online examination on our behalf. May all our students come out with flying colors and we sail through this examination smoothly.
2. **You will have forthcoming Virtual PTM with the class teachers' and subject teachers** in small groups. Class teachers will inform you about the PTM through a circular well in advance. A soft copy of the First Term Report will be sent to you before the PTM takes place.
3. **There is no Summative Exam for the students of classes LKG, UKG, 1 and 2. So PTM for these classes will be on earlier dates.**
4. **I would like to compliment the teachers** for taking an initiative to correct the notebooks and workbooks of the students and would like to **appreciate the parents** who took the botheration of submission and collection of notebooks/ workbooks. **Please ensure that all the notebooks and workbooks of the students of classes 3 to 12 are collected from school in this week itself.**
5. We are well aware that what our parent community is undergoing these days due to pandemic. **School, teachers, parents, and students, all have suffered immensely due to this calamity.** Many families are sitting on the fence and may leave for India or to their respective countries after this academic year.
As we have to order the books for the forthcoming year now, I am really in a fix as what to do? Although 15th December 2020 is the last date to submit Transfer Certificate, **but I request you to decide on this matter little earlier this year. I request all those parents who have made up their minds to discontinue the education of their wards in this school to submit the transfer certificate by 30th November by filling up yellow sheet (page no. 55) in the school diary. TC requests cannot be entertained after this date as we have to make necessary arrangements for the ensuing academic year in these unusual circumstances. I am sure that you will appreciate our concern.**
6. **Admission process for the session 2021-202 has begun already and admissions are in progress.** Academic Fraternity wishes that you and your family may stay healthy and safe!

Thank you

Principal
