

Report on Bingo Number Game Competition.

Date : 08th February 2021

Time : 6.40 to 7.10 PM

Learn while you play. It makes learning fun, engaging and motivating for the children. A picture speaks thousand words, so playing Bingo was one of the ways in assisting children to recognize numbers, develop social skills, eye and mind co-ordination, reading and identifying and learning the sound of numbers It boosts child's brain power. Keeping in mind all the above the LKG wing had a Bingo Number Game Competition on 08-02-21(Monday). Bingo cards were sent to them individually a day prior the competition. The children had to take a printout and keep ready, they had a great time playing the game and as the teacher said a number they would eagerly wait for the next number and many were so excited as their number was said out.

It was a fun learning experience for them. The first three students who completed the full house will be awarded with a merit certificate.

Thank you!
